Re: Reference Letter

To Whom It May Concern:

Core Roofing Systems Inc. successfully completed a re-roof of 3005 Chamblee Tucker Road on January 06, 2005, which is a five story mid rise building office building consisting 113,000 RSF. This task was completed within very limited time constraints and has been problem free for over 1 1/2 years. The membrane used was a single-ply membrane Carlisle roof system and the job was completed for the amount of \$35,000.

The work performed by Chad Greene and all of Core Roofing Systems, Inc. to make this project a success need commending and the special outstanding professionalism by Chad Greene is a rare commodity.

If additional information or assistance is needed, please do not hesitate to give me a call.

Sincerely,

Kenneth Skinner  
Operations Supervisor
