Dusty DeVore:

Tanger Factory Outlet Centers is a publicly traded company that is a leading developer of manufacturer's outlet centers with the nation's premier brand names and designer outlet stores. Our reputation is built on a commitment to service to the customer, uncompromising integrity, and continuous search for excellence. Our perseverance and steady growth have made Tanger one of the largest and most successful outlet center developers in the country.

This letter is in regards to our satisfactory achievement of the job that Core Roofing Systems completed in the spring of 2006. Since then we have established and maintained a great working relationship with Core Roofing Systems. While the roof is under warranty the dedication to answer all of our needs have been met with superior service. The outstanding performance and commitment to service as a roofing company have led to additional projects with Tanger Five Oaks.

We look forward to future projects with Core Roofing Systems based on the outstanding relationship we have developed. If you have any questions or need additional information, please do not hesitate to contact our office.

Thank you,

Amy Harper
Operations Manager
Tanger Five Oaks
