

UPS INNOPLEX

May 12, 2004

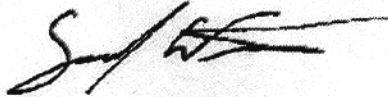

Core Roofing Systems, Inc.
1360 Union Hill Road, Suite 3-G
Alpharetta, GA 30004

To Whom It May Concern:

This letter is to express our complete satisfaction with the roofing services provided by Core Roofing Systems. For the past year, Core Roofing Systems has handled all repair and modification work at our 230,000 s.f. web development center in Roswell, Georgia. Bill Dunc, Dusty Devore, and their staff have always responded to our work requests on time and without delay. In each case that Core Roofing Systems has been called to our site for repairs, the roofers that arrive are able to immediately diagnose troubles and provide quick and lasting solutions to our problems.

As a Facility Manager, you deal with many contractors and service providers on a daily basis and I cannot think of one in any field that is more professional than Core Roofing Systems.

Sincerely,

Samuel Westbrook
UPS Innoplex Facility Manager
